

HOT ROCK MENU

Flinchy's Hot Rock is a fun and social, interactive dining experience that presents your entrée on a volcanic rock heated to a temperature of 500 degrees. The ability to cook your meal to your liking and at such a high temperature sears in all the natural juices and nutrients, which in turn delivers you a taste that will keep you coming back time and again.

The best way to enjoy your Hot Rock when it arrives is to turn your selection over and sear it on both sides; then, proceed to slice a single portion or two, and allow it to cook to your liking. A side plate will accompany your Hot Rock, which will enable you to set your selection aside until ready to cook your next delicious bite.

*Please be advised, that we highly recommend that you DO NOT add pepper to your selection while it is on the Hot Rock. Thank you and ENJOY!

All Hot Rock Entrée's are served with a side garden salad (substitute a side garden salad for a side Caesar 2 or side Insalata Caprese 5), fresh vegetables, and your choice of mashed potatoes, wild rice, or pasta marinara.
